

Reference Certificate

Vendor name: PRISE Ltd
Recipient: Teradata Hungary Ltd
Reference issuer: Attila Kápolnai, Engagement Manager
Subject of reference: PRISE Tuning Assistant software

Vendor introduction

PRISE develops software tools to optimize Teradata performance and cost of ownership. PRISE Compress Wizard, PRISE StatMan and PRISE Tuning Assistant complement the Teradata product package and deliver quick savings of high value by automating end-to-end processes.

Recipient

Teradata Hungary represents the global Teradata within Hungary and delivers and supports several data warehouse and campaign management systems in Northern and Central European countries like Denmark, Hungary, Romania and Bulgaria.

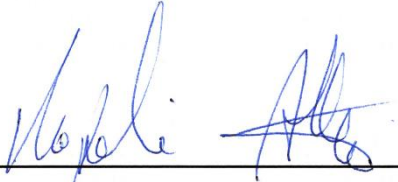

Content of service

Teradata Hungary uses PRISE Tuning Assistant software to analyze and solve Teradata performance related issues at its customers' systems, covering both data warehouse and campaign management areas.

Impressions

Based on experience I highly recommend PRISE Ltd and the Tuning Assistant (PTA) as a professional information services partner company and software solution. PRISE Tuning Assistant delivered real business value to Teradata Hungary and for our customers.
